

## ***Voluntary Trustees***

REAP is a small and dynamic voluntary sector/social enterprise organisation which has been working in Moray and Aberdeenshire for 11 years. Our mission is to engage with local groups and agencies to encourage social enterprise, promote sustainable development and raise environmental awareness.

We are moving into an exciting new phase of development and are seeking candidates to serve as voluntary Trustees on our board of Directors. We are particularly keen to recruit trustees who have one or more of the following attributes

*An interest and experience in social enterprise,  
sustainable development or environmental action*

*Previous experience in financial planning and management*

*Experience in Marketing or PR*

The Board is responsible for setting the strategy and guiding REAP in its next phase of development. As a Trustee you will be

*Given a chance to contribute your skills and experience to an organisation  
which is making a difference socially,  
economically and environmentally*

*Working with an organisation which has a track record  
and a clear plan for the future*

*Supported by a committed staff team who will value your input  
but not make excessive demands on your valuable time*

If you would be interested in an informal chat about becoming a Trustee or would like some more information on REAP please contact Rod Lovie on 01542 888070 or by e-mail to [rod@reapscotland.org.uk](mailto:rod@reapscotland.org.uk)
